

Leisure Policy Schedule

This schedule forms part of your policy and should be read together with your policy document and statement of fact.
If any of the information is incorrect, please contact your insurance adviser.

Sum Insured

It is essential and in your own interest that you consider the adequacy of your cover advising us immediately of any increases or alterations required. Please check that the sums insured within this policy schedule represent the full re-instatement value of your property. Failure to specify an accurate sum insured could result in claims payments being reduced by the proportion of the stated sum insured to the correct value at risk.

Material Facts

All material facts must be disclosed. Failure to do so could invalidate your insurance. A material fact is one that is likely to influence an insurer in the assessment and acceptance of the proposal (e.g. any criminal conviction concerning dishonesty). Material facts must be disclosed in relation to you and all persons who are to be insured. If you are in any doubt as to whether a fact is material or not, then it should be disclosed to the Insurer. If any changes in circumstances arise during the period of insurance cover please provide full details.
